## Plans Begun For Peace Convocation

Approval Of Movement  
Voiced By Marvin, Fac-  
ulty, Students

Meeting Will Be Held  
Tonight To Formulate  
Definite Program

Following approval and promises of support from Pres. Cloyd H. Marvin, faculty members, and students, a meeting will be held tonight in H-103 at 8 o'clock to formulate definite plans for a peace convocation day, which would draw students of all factions to an open discussion of peace.

According to Charles Kiefer, who approached the President last week the convocation would be a general all-day affair, consisting of three or four seminars, to be led by nationally prominent men of pronounced views, who have peace as their objectives.

**Faculty Will Preside**  
Faculty members would preside at the meetings, and student panel discussions and open forums where students might voice their opinions would follow the formal speeches. Outside organizations interested in peace may be invited to send speakers and to attend and present their views in the forum sessions.

Tonight's meeting, open to the student body at large, will be attended by President Marvin and those students and faculty members who have already expressed their willingness to cooperate in such a project.

Elmer Louis Kayser, dean of University Students, will head a faculty committee to assist in planning the convocation.

**Support Volunteers**  
Other faculty members who have volunteered their support are Dean Henry G. Doyle, of Columbian College; Dr. Christopher B. Garnett, assistant professor of philosophy; Martha Gibson, assistant professor of English; Dr. Wood Gray, assistant professor of history; Harold F. Harding, assistant professor of public speaking; Dean William C. Johnstone, Jr., of the Junior College; Dr. Lowell J. Ragatz, associate professor of history; Henry G. Roberts, assistant professor of public speaking; Dr. Raymond J. Seeger, assistant professor of physics; Dr. Carl D. Wells, assistant professor of sociology; Dr. Warren R. West, professor of political science.

Students who have pledged their support are: Ruth Brewer, Austin Cunningham, Charles Colman, Robert Doonan, Howard Ennes, Leila Fern, Erika Floyd, William Gausman, Samuel Kaiz, Newell Lusby, Bertha Neff, Theodore Peterson, Mary Speelman, George Stevens, Verne Voiz, and John Willard.

## Band Defers Concert, Plans Banquet-Dance

Awards Will Be Made,  
New Officers Are To  
Be Elected

The proposed band concert-dance to be held this spring has been postponed until next fall, and plans for converting the annual band banquet into a banquet-dance are being formulated as a result of the meeting of a committee to consider the proposed concert last Monday night.

The band banquet, an annual affair at which swaggers and keys are awarded to men who have served one and three years respectively in the band, will be followed immediately by a dance for band members and their guests. The banquet is also the occasion for the selection of a captain and officers for the next year and for the presentation of the Director's cup to the most valuable member during the year.

The committee to formulate plans for the concert-dance, consisting of David Oberlin, Dick Schuyler, and Howard Scott, recommended that it be postponed until next fall when the auditorium in Strong Hall is expected to be completed and open for use.

## 15 Lutherans Attend Meet

University Club Will Re-  
main In North Atlantic  
Region

Fifteen members of the Luther Club and Dr. and Mrs. Raymond J. Seeger, attended the convention of the North Atlantic region of the Lutheran Student Association of America at Gettysburg, Pa., last week-end. The convention met to consider "The Christian Student in the World Today."

It was decided at the convention that Maryland, Virginia, and the District of Columbia will remain a part of the North Atlantic region. The committee, which was considering a proposed change, was headed by Myrtle Mohagen, president of the University Luther Club.

Dr. Seeger, assistant professor of physics at the University, is an adviser of the North Atlantic region. A feature of the trip was a tour of the battlefield of Gettysburg.

## President, Committee For Enlargement of Alumni Program

Pres. Cloyd H. Marvin

Dr. Daniel L. Borden

Mrs. Joshua Evans, Jr.

Prof. Norman B. Ames

Charles S. Baker

## Alumni Plan Intensification Of Activities

Magazine, Directory Un-  
dertaken Under Univer-  
sity's Program

Marvin, Board of Trustees  
Assist Association's  
Extension

Publication of an alumni magazine, printing of an alumni directory, and the extension and intensification of alumni organization and activity will be undertaken in connection with the enlarged alumni program upon which the University and the General Alumni Association have entered.

For some time past the General Alumni Association has been working with the University administration on plans for enlargement of the alumni program, which is now made possible through the good offices of President Cloyd H. Marvin and the Board of Trustees.

**Nationwide Survey Made**  
As a basis for the program, a nationwide survey of alumni programs in colleges and universities was made by the Association's Committee on Organization and Extension. This committee was headed last year by Mrs. Joshua Evans, Jr., member of the board of Trustees and long prominent in alumni affairs. As President of the General Alumni Association, Mr. Charles S. Baker for the past two years has devoted much effort to bringing the desired objectives to pass. Also cooperating have been the presidents of the professional alumni groups (The George Washington Law Association, The George Washington University Medical Society, the Library Science Alumni Association), and officers of the various regional alumni clubs.

**Marvin Issues Statement**  
In announcing steps which the University will take "to help in placing in the position for effective action that enthusiastic alumni body which we know is eager to function fully," President Marvin said: "Our aim is to create those channels which will give every member of the University the opportunity and the incentive to maintain his University contacts after his student days are over, and through which the desire of the alumni to have a helpful share in the future of their Alma Mater may be given full expression."

"The University will carry the program financially for the time being with the aid of special funds that have been made available, adding to what it already contributes in the form of personnel and equipment of the Alumni Office, the services of the new contact officer Professor Norman Bruce Ames, the various regional alumni clubs."

## Council Votes Give Approval To Constitution

Proposal For University  
Fiesta Accepted By 7-6  
Thursday

The constitution of the University Fiesta presented by Everett Strandell was unanimously accepted by the Student Council last Thursday night after Austin Cunningham's amendment providing that the Student Council should approve the appointment of the director of the Fiesta was defeated by a vote of 7-6.

The self-perpetuating board clause has been the main point of contention since the first writing of the constitution.

A second amendment offered by Cunningham, vesting the authority to direct the policies of the Fiesta in the hands of the entire board of directors, other than in the director alone, was passed. Another amendment, which was accepted, changed the impeachment section of the constitution to allow any officer of the Student Council to bring charges against the director or a board member.

When impeachment proceedings are brought against the director or one of his associates, the Student Council will sit as a jury with the president of that body presiding.

Charles Kiefer addressed the Council in the interests of a student peace convocation to be held in the near future. The Council went on record, as unanimously approving this movement and President Floyd was directed to appear for the Council at the meeting tonight to arrange for the forthcoming convocation.

Archie Burgess, Fine Arts representative, reported that the Fine Arts School will paint murals on the walls of the Student Club. The Fine Arts division will spend most of its efforts for the rest of this semester in selecting a suitable motif. Burgess was asked to make an estimate of the costs of this undertaking to be presented at the next meeting of the Council.

Morris Kueper took his seat as representative of the long-unrepresented School of Government. Medicine is still as yet unrepresented.

## Frosh Papers' Length Limited

Sigma Delta Phi Restricts  
Manuscripts To 1,200  
Words

Sigma Delta Phi, women's speech arts fraternity, which is sponsoring the freshman speaking contest, has announced that manuscripts will be limited to 1,200 words. These manuscripts must be turned in to the judges by Mar. 13.

The judges are Charles E. Bishop, of Woodrow Wilson High School; Dr. Grace Holmes, of Central High School; and Orville Hitchcock, of American University.

Those who did not attend the last meeting, are still eligible for competition. It has been announced. There has been some confusion on this point.

Speakers will be judged on composition, appearance, and delivery.

## Historians Hear Author Discuss Political Issues

Dr. Tarakanth Das, well known author and publicist, will be guest speaker at the Swissher History Club tomorrow night at 8:15 in Corcoran 22. Dr. Das will discuss current political issues of Asia, Africa, and Europe, and their bearing on American foreign policy.

Dr. Das, who is the author of several books dealing with problems of the Far East, was formerly a professor on Far East Problems at Catholic University.

## Dr. Seeger Starts Series Of Talks At Friday Chapel

Dr. Raymond J. Seeger, assistant professor of physics, will inaugurate a series of five talks on "The Symbol of the Cross," when he addresses chapel service next Friday in Corcoran 20 at 12:10 p. m. The series will cover the reasons Jesus had for choosing the Cross, and the meaning of the Cross to humanity. The address this week will be entitled "The Meaning of the Cross." Special music will be presented by the Baptist student group.

## Students Enter Architectural Plans Contest

Two Divisions Of Competition  
Offer \$1,500  
First Prizes

Several students of the architectural division of the School of Fine Arts are competing in the "Penicillin-Portland Cement Company" contest for a plan of a small, concrete, fireproof house. Anyone in United States is eligible for this contest.

There are two divisions, one for a Northern and one for a Southern type house. The drawings suggest a modern type of house for a family of moderate income. Plans include all details from landscaping to placement of furniture.

Students who have entered the contest are as follows: Alfred McAdams and Harlan McClure, Julia Metcalf and Frank Kerr, Alan Dickey and William Leffler, and Mary Lois Rice and Lester Burn, who are working together in this contest. Others submitting plans are Robert Eastham, Cole McFarland, Susan Sallee, Harold Tepper, and E. Stanley Van Brunt.

The prizes for the contest are in two groups. First prize is \$1,500, second prize is \$750, third prize is \$500. There are 20 other prizes of \$50 each.

The contest closes Mar. 9.

## Heath Addresses International Club On Latin Affairs

Louis Heath, Washington correspondent for the United Press, will talk before the International Relations Club, on Mar. 11, at 8 p. m., in Columbian House.

Heath, widely known as an authority on Latin American affairs, will discuss our relations with Latin America, past and present, and the proposed calling of a Pan-American peace conference, which President Roosevelt suggested to heads of the Latin American republics recently. A round table discussion will follow the talk.

## Clay Speaks About 'Project'

Engineer Society Gets De-  
tails Of Federal Work  
In Maine

The University chapter of the American Society of Civil Engineers will learn details of the Federal government's Passamaquoddy "tidal-harvesting" project in northern Maine, Friday at 8 p. m., in Corcoran 10.

The speaker will be Capt. L. D. Clay, assistant to Maj. Gen. E. M. Markham, chief of the U. S. Army engineers. The army engineers are to be in charge of the plans for the project, which will be built with WPA funds.

Some of the problems which are peculiar to this job are that the turbines will have to be designed to resist the action of salt water, the difficulty of construction due to the immense tides which flow in and out of the bay daily, and that instead of flow in one direction as in the case in the usual hydro-electric installation, there will be a reversal of flow with each change of tide.

## Justin Miller Addresses Law Forum

Luncheon Group Met For  
First Time Yesterday  
At Army-Navy Club

With the Hon. Justin Miller, special assistant to the attorney general, as guest speaker, the Student Law Forum met yesterday for the first time at the Army and Navy Club. Next Monday lunch will be held at noon at the same place. Students who have invitations from members of the club may also attend. The charge is \$1.

A permanent chairman and an executive committee of four will be elected this week.

It is proposed to have prominent speakers at every meeting, and also one faculty member. Both Dean William C. Van Vleck and E. Hilton Jackson, president of the Law School Alumni Association, were unable to accept invitations for yesterday's lunch, but said they were heartily in favor of the idea.

**Forum Recently Formed**

This Forum was recently formed under the leadership of Bernard Margolius and Jack Miller. They decided that there should be an organization in the school, which would be instructive, and would give students an opportunity to form valuable contacts with members of their own profession. They gathered together a group of 35 students, a majority of whom are sophomores in Law School, although a few are freshmen, and formed their first

(Continued on Page 4)

## Cue & Curtain Preps for Play

Set Designs Completed;  
Rehearsals Are Held  
Regularly

Work on Cue and Curtain's play, "Ten-Minute Alibi," is going forward rapidly. The set designs have been completed and rehearsals are being held regularly.

Work in the new shop, located in the basement of Building N, has been temporarily curbed because the steps are too narrow to allow scenery to be moved in at present. However, the University has promised to remedy this obstacle early this week.

The construction of the set will begin Monday by the technical staff with Al Heckle in charge. Other members of the technical staff are Hamilton Colt, Tom Godey, Merritt Burch, Robert S. James, Joseph Rubenstein, Norman Stein and Jack Dorsey.

The business offices of Cue and Curtain will be moved to Building N early this week. Ross Pope, business manager, announced. He has called a meeting of the business staff for 8 p. m. Wednesday in Building N, at which all members of the business staff must be present. Plans for the ticket-selling campaign will be announced. Publicity and technical staff members are meeting Tuesday at 8 in S-11.

## Men's Glee Club Elects, First Time In Six Years

Andersen Is Manager In  
Charge Of Personnel,  
Attendance

With the election of Dan Andersen to the post of manager of the Men's Glee Club Tuesday night, the organization established a student administration, in charge of personnel and attendance for the first time since 1930.

Andersen, who was elected at a short meeting called for the purpose of forming a student organization after the regular practice of the club Tuesday night, and who was entrusted with the drawing up of plans for the organization, stated that an assistant manager and monitors for the four sections will be elected tonight.

Dr. Robert Harmon, director of the club, who has been handling both the musical and membership

(Continued on Page 4)

## Student Council Chooses Fiesta Committee Head

The Student Council has selected Austin Cunningham as chairman of the new all University Fiesta committee which will be composed of one official representative from each organization on the campus. It will be the duty of the committee to render advice on the various problems with which the Fiesta officials are confronted.

Letters will be sent out to each campus organization which will select one person to act as its representative on the committee.

## Cherry Tree Wants Cards By Saturday

Information For Yearbook  
May Be Left at  
2016 H St.

All senior cards bearing information necessary for printing in the Cherry Tree must be turned in at the Publications Office or the Cherry Tree box, 2016 H St., by Saturday at 5 p. m. or no write-up will appear by their names in the senior section of the annual, Helen Bunter, editor-in-chief, said Sunday.

The deadline for making returns in the Cherry Tree sales contest has been extended from Mar. 1 to Mar. 14 in order that organizations entered in the contest may have more time to obtain subscribers and turn in money, according to Harry Ames, business manager. All money collected to date should be turned in at the Publications Office immediately, and additional receipts books obtained if necessary.

The prizes in the subscription contest are as follows: \$25 awarded by the Student Council for the organization selling most subscriptions to the Cherry Tree; \$15 awarded by the Cherry Tree Board to the organization selling the second greatest amount, and \$10 awarded by the board to the organization selling the third greatest number of copies.

## Philosophy Club Hears Discussion By Bellows, Short

Everett Bellows and Maurice Short will discuss the question of the knowledge of self as compared to knowledge of friends and external things at an open forum meeting of Phi Sigma Phi, local philosophical society, in L-10 tomorrow night at 8:15.

The question was taken from the quotation, "It may be discerned how the knowledge we have of the mind not only precedes, and has greater certainty, but is even clearer than we have of the body," from Descartes' "Principles of Philosophy."

Bellows will defend Descartes' view as expressed in this quotation, while Short will attempt to refute it.

## Medical Clinic Draws Doctors From All Parts

Most Important Point Of  
Past Year's Progress  
Demonstrated

Over 400 physicians and surgeons from all parts of the country attended the post-graduate clinic of the George Washington Medical School last Saturday.

In a program of demonstrations which moved rapidly, the lecturing doctors covered the most important points of progress of the past year in the field of clinical and preclinical medicine.

In one of the principal demonstrations of the clinic, three people who might have been doomed to an institution for the mentally deranged, but who, to all appearances, have been cured in two or three months without leaving their homes, were introduced by Dr. Walter Freeman and Dr. Hyman Shapiro, of the Medical School.

These three patients had shown clear symptoms of either general paresis of the brain or of tabes, the corresponding condition of the spinal cord. With the evidently successful treatment of these nerve disorders, there is every reason to believe that the population of our mental institutions may be decreased, the doctors pointed out.

At the same time Dr. Freeman demonstrated a means of extracting a sample of the spinal fluid which required only about one minute, was practically painless, and which does not have the after effect of a severe headache.

A new drug which is supposed to make child-birth painless, sponsored by Dr. Howard Kane and Dr. George Roth, was not demonstrated.

Instead Dr. Kane gave a lecture on the use and benefits of the substance. He stated that the drug has been administered to approximately 1,000 patients with almost uniform success.

Dr. Jacob Kotz, clinical professor of obstetrics and gynecology, lectured on the use of hormones in enabling supposedly barren women to bear children. Hormones are injected into the blood stream to correct glandular deficiencies causing this barrenness.

Other speakers at the annual post-graduate clinic were: Drs. Frederick Reuter, J. Lawn Thompson, Paul F. Dickens, Charles S. White, Daniel L. Borden, Radford Brown, Harry Davis, Harry H. Donnelly, Raymond W. Murray, and Paul S. Putzki.

## Radio Drama Is Presented

Mrs. Long's Play Describes  
Priestley's Discovery  
Of Oxygen

"Breath of Life," an original radio play by Mrs. Margaret Long of the Creative Writing Class, was presented under the direction of Prof. Douglas Bement of the English department Friday night over station WMAL at 7:30 as the feature of the Radio Forum program.

The group of Forum programs during February was sponsored by the chemistry department. This drama concluded the series. "Breath of Life" described the discovery of oxygen by the English chemist, Dr. Joseph Priestley, in Calne, England, and illustrated the varied modern uses of this element.

Illustration of the modern use of oxygen included the ox-acetylene blow torch, deep sea diving, submarines, balloons, airplanes, and hospital "oxygen tents."

## Engineers Hear Gordon, To See Motion Pictures

K. H. Gordon, electrical engineering department of Pennsylvania Railroad, will come down from Philadelphia tomorrow in order to address a meeting of the G. W. student chapter of the American Institute of Electrical Engineers which will be held at 8 p. m. in H-202.

According to Robert Walleight, president, motion pictures will be shown and refreshments served.

## High School Debate Meet Starts Mar. 9

10 Dual Events Scheduled  
Between 5 Participating  
Schools

Students of the District of Columbia high schools will debate on the subject, "Resolved: That the several states should enact legislation providing for a system of complete medical service available to all citizens at public expense," in the second annual meet of the High School Debate League, beginning Monday.

Ten dual debates have been scheduled for the five participating schools. The debates end the week of Apr. 6.

The modified Oregon plan of debating will be used in all debates. In this style of debate each constructive speaker is cross-examined after he has spoken. There will be two constructive speeches and one rebuttal on each side.

The University will award six \$100 scholarships to the members of the winning affirmative and negative teams of the debate. Also there is an award of engraved wall plaques for the winning school or schools.

## Women Begin Debate Series

Garner & Merelman, Neg-  
ative Team, To Meet  
Swarthmore Friday

Jennie Garner and Muriel Merelman have been selected to meet the debaters from Swarthmore College, Mar. 6, at Philadelphia to debate the affirmative of the question, "Resolved: That the New Deal deserves the support of the electorate in the November election."

Phoebe Jane Bell and Reba Edelman will debate the negative of the question, "Resolved: That Congress have power to override decisions of the Supreme Court," on Mar. 9, when they meet debaters from the University of Pittsburgh.

Tryouts for the Allegheny, William and Mary, and Trinity College debates will be held Friday at 1:10 p. m. in Building S.

## Exitus Acta Probat

## Enlarged Program Marks a New Era in Alumni History

THE University and the General Alumni Association have entered upon an enlarged alumni program, which includes the publication of an alumni magazine, printing of an alumni directory, and the extension and intensification of alumni organization and activity.

The Administration is to be commended for this action. Such a program is a fine thing from the standpoint of both the alumni and the University. Heretofore many alumni have wanted to participate in the affairs of the University to a greater extent than opportunity permitted, but now with the new set-up there will be unlimited occasions for participation and the alumni, themselves, may govern the extent of their activities in the University's future.

The magazine which will be sent gratis to every alumnus will keep them informed about their Alma Mater. Mrs. Marcelle Lane, who will edit the new publication, is particularly well qualified for the position. Being an alumna herself, and having acted as Alumni Secretary for the past several years, Mrs. Lane will know what will be attractive and interesting to the alumni, and we can expect an excellent publication.

A directory will be very valuable to the alumni in providing present addresses of former classmates, enabling them to keep in touch with each other. There was a law alumni directory printed in 1924, but there has been no general alumni directory published since 1917; so such a book will be important and valuable to the alumni.

To the University will accrue many benefits from the new plan. No other group can help a university more than an organized alumni body as has been demonstrated at many other institutions of learning.

We have approximately 13,000 living alumni who actually hold degrees from the University. Many of these alumni have gained prominence in their communities and in their chosen fields. With these distinguished members of the alumni group, when organized, will be of inestimable value to the University.

The work in alumni affairs which has been done by Mrs. Joshua Evans and other members of the Board of Trustees can not go unnoticed, as it was their efforts that laid the groundwork for the new program. Much credit goes to President Marvin and all members of the Committee, whose activities brought the desired objectives to pass.

This enlarged alumni program marks a new era in alumni history at the University and every alumnus will, or should, take a prominent part in future alumni activities.

## Majority Rules Fraternities If Lusby et al Agree

INCONSISTENCY seems to be the keynote of this year's Interfraternity Council.

A good example of current interest is the way that illustrious and illudioned body has dealt with corsages for the Prom on one hand and bowling judges on the other.

Corsages are absolutely barred from the Prom, according to emphatic statements from Council members. The reason for this, according to the same reliable sources, is that this is the will of the majority of the fraternity members. So may it be.

Judges will continue for the interfraternity bowling competition.

This certainly is not in accordance with the wishes of the majority of fraternity men.

It is due either to the hard-headedness of the president or the athletic chairman of the Council or to the stupidity of the members of the Council in general—if, as the president has said, the Council voted as a body to continue the judges.

Here are some reasons why the bowling judges should be done away with:

The *Rendezvous* does not have facilities to properly judge six contests at the same time. (A second judge was placed on a temporary "stand" Saturday night, but even so those teams removed from the judges did not suffer as did those directly in the judges' view.)

"Fouling" in bowling is of little significance. Interfraternity bowlers are not experienced bowlers and the presence of judges mars rather than helps the sport.

No provision has been made for use of judges at postponed matches. (In one of these matches already rolled, one of the participants fouled, by actual count, 89 times.)

Use of the judges will distort the whole standing of the teams. (It is generally understood that in case of a tie—which now seems very likely—the league winner will be determined by total pinfall. Any team which rolled all its games before judges will then be at a disadvantage over any team which escaped, if only for one game.)

The bowlers themselves—almost to a man—don't want the judges.

The men in each chapter, particularly the bowlers, will no doubt this week demand an accounting from their respective delegates and see to it that the will of the majority, and not the will of a few hard-headed individuals, prevails in this instance as it does in the case of Prom corsages.

## FLYING CHIPS

## To S. A. E. Goes the "Honor" of First Defaulter Among Interfraternity Bowlers

S. A. E. forfeited its bowling match to Acacia Saturday night.

Nobody was particularly surprised, however, as S. A. E. has been known to forfeit before when its representatives have not been favored to win.

Forfeitures as a rule are rather frequent in interfraternity bowling competition, there being no less than six last year.

While not surprised at the actual forfeiture by S. A. E. Saturday night, the Acacians were surprised, if not a bit angered, by the failure of S. A. E. to notify Acacia of the default until one hour after scheduled time for the match.

As a result of this unthoughtfulness, or deliberate neglect, on the part of S. A. E., Acacia's team was forced to make the journey out to the *Rendezvous*. Not only was the Acacia team on hand but some 10 or 12 others made the trip to witness the Acacia-S. A. E. match.

The only S. A. E. ever to show up was Bob Hankins, president of the fraternity, who dropped in around 9 o'clock with some perfunctory excuse as to why his team was not on hand.

There seems to be only one way to stop this practice. And that is the method used among mountaineer high schools in Virginia—require each team to post collateral (money) guaranteeing the appearance of its representatives at the appointed time and place.

The Hatchet has suggested this several times before, but the Council has done nothing.

It still isn't too late to do something about it this year.

## VIEWS AND INTERVIEWS

## Did You Enjoy the Fiesta? Students Express Various Reasons Why It Should Be Continued, Abolished or How It Might Be Improved

By Bill Cheatham

FIESTA: feast, religious festival, saint's day, or any holiday or festival... Feast sounds most enticing, doesn't it?

Our three-day Spring festival was probably planned to provide a time and place for general social ability and merrymaking for everyone connected with the University, where faculty and students might frolic together in jovial, yet wholesome, good-fellowship, and at the same time financially benefit the Band.

Did you have a good time at the Fiesta last year? Fine. And you? Oh! you worked on it. What did you over there say? You didn't want to get your feet wet and stayed away. Well, I didn't want to get my feet wet, either. What is that, freshman, you say you heard about the Fiesta, but think Glen Echo would be as good, if we all went out ensemble.

Here are other ideas, but don't cast away the freshman's too lightly:

J. H. Riddlebaugh, who compares our last year's Fiesta with that of the university he attended his first two years in college:

"For a successful Fiesta simple of administration, although involving more expense, I would suggest only carnival activities and boxing for three nights' duration from 7 to 11 p.m., followed by dancing the first two nights on the school premises as heretofore. The third night should be climaxed with a late dance at a prominent hotel, the affair to be in the same class with the University of Pennsylvania's Ivy Ball."

"Either an outstanding Fiesta or none at all is my conclusion."

Verna Vois, a keen observer of and an ardent worker in student activities:

"The Fiesta has not been worth to the University and student body the large expenditure of time and effort required to produce it. Except for the fun it has provided the students who worked on its staffs, it has offered but little."

Morris Kruger, member of the Student Council:

"The Fiesta justifies its existence, if for no other reason, because of the vast opportunity it offers students in every field of endeavor to obtain invaluable, practical experience in their chosen vocation as well as to obtain the wholesome recreation that extracurricular activities offer college students."

Irven Naiman, member of Phi Beta Kappa:

"The success or failure of the Fiesta must be measured in two ways: Primarily, the financial success in raising funds for the Band; secondarily, as a social event. As far as the majority of the student body is concerned, the social aspect is uppermost. And the fact remains—a great many of the students are not interested in this type of entertainment. That is the reason for the diminishing returns to the Band. And that is the reason for seriously considering its abandonment."

Everett Strandell, associate director of 1935 Fiesta:

"Continuance of the annual Spring Fiesta is in my opinion a question for the administration alone to decide."

"The Fiesta profits are used to further the Band, and until the administration feels that the Band means enough to justify a yearly appropriation to carry on its work, we should have the Fiesta."

"Changes are necessary in structure and policy of the Fiesta, but who is best fitted to determine which changes will prove beneficial. The answer lies in the appointment of one man from the administration who will act not as chief counselor, but as one of the administrative officers of the Fiesta and will be interested only in its success."

Arthur R. Himmelfarb:

"In my opinion, the Fiesta is one of the most worthwhile projects sponsored by the student body of the University. It requires more initiative on the part of members in charge than any other student enterprise. It also brings about more cooperation between school organization and the student body as a whole for one common aim."

This freshman might really have an idea about Glen Echo.

A contract might be made with the amusement park to have a G. W. All-University Night with an arrangement that the University Band would receive a stipulated percent of the park's total net profit for the evening. This would provide swimming, dancing, and many carnival amusements and would entail but little work on the part of students and the administration to plan and produce.

And if in some way a big portion of the student body and faculty could be persuaded to attend the Glen Echo carnival night, a considerable sum of money for the Band should result, besides an enjoyable evening for all.

## MILESTONES EN ROUTE

With

Margaret Davis  
Robert Howell

AN archeologist and a former American student of English prep schools form an unusual combination, to say the least. The two men we discuss today have respectively been in these positions in recent years.

The three men we discuss today have in the past few years had those experiences. Today they are all students in the University.

Although still an undergraduate, CHARLES T. R. BOHANAN'S interest in archeology has already led him on two scientific expeditions. Becoming interested in archeology as a boy, a common with most potential college students of New Mexico, he decided to specialize in the field. His state, he says, puts out "approximately an equal number of embryonic archeologists and white faced cattle," the white face cattle industry being the biggest industry in the state.

In 1934, he went to Kodiak Island, Alaska, on a Smithsonian expedition led by Dr. Alex Hrdlicka, curator of physical anthropology at the National Museum. The summer was spent excavating a prehistoric "Kitchenmidden" site, fighting black flies and enjoying temblors from Mt. Kamal, the volcano which Dr. Robert F. Griggs, professor of botany, observed in 1912 to collect data on phenomena resulting from the famous eruption of 1911.

Last summer, Bohanan, in North Colorado with an expedition from the Bureau of American Ethnology, helped investigate the only village site of Folsom, Man, yet located.

Bohanan takes night work in the University toward a B. S. in geology. During the day he works with Dr. Hrdlicka at the museum.

GRAHAM LUCAS completed his prep school work and took part of his college training in Europe, before returning to this country to attend the University.

A native of Connecticut, Lucas went to England in 1926 and from there until 1929 attended school in Muncaster, Middlesex, England. He later went to the University of Strasbourg for six months following graduation at Muncaster.

In 1929 he entered Herne Bay College, Herne Bay, Kent, and was enrolled there until 1932.

At Herne Bay he played the violin in the college orchestra and now retains as one of his prized souvenirs of the time he spent in Europe a picture of the orchestra taken while he was a member of it.

He played cricket in "inter-house" games, which correspond to intramural athletics on American campuses.

During the vacation seasons, Lucas traveled over nearly all of Northern Europe; much of the travel was made on bicycle, but one trip was made on motorcycle.

He is studying for the foreign service in the School of Government.

## MUSIC

Petri Will Feature  
Bach D Minor Concerto On Thursday's Program

By H. Gifford Irion

WITHIN a very few years the Dutch pianist, Egon Petri, has become known to American audiences as one of the most distinguished living performers on that instrument. This Thursday he is to play Bach's D minor concerto with the National Symphony Orchestra and it is advisable that anyone who has not already heard this maestro in concert take the time to attend. Supplementing the concerto, there will be numbers of interest by Wagner, Boccherini, and Purcell. The last named was an English composer of the 17th century whose excellence is not even yet sufficiently realized. He appeared as an anomaly in an age when English music was sterile and mediocre, when the glory of the Elizabethan madrigals was ended and the school of pure national music had seen its best days except for Purcell himself and the later Sullivan.

It is regrettable that Kindler has chosen the Rhine-Maidens scene from "Die Gotterdammerung" to conclude the program. Of course, the music is of the best quality, although not entirely suited to performance by the orchestra without voices. But I, for one, will feel somewhat uncomfortable leaving Constitution Hall upon the playing of a selection from the middle of an operatic act and the extreme awkwardness of the concert hour will do nothing to assuage the feeling.

## We Snoop To Conquer

Moore and Detwiler Owe All to Propinquity...  
Fine Arts Marches On To New Quarters...  
Student Council Meets in Formal Attire...

By The Keyholers

PROPQUITY has done its deadly work, as we predicted long ago. Sam Detwiler sent A.D. Pi's customary five pound box of candy last night to announce his engagement to Peggy Moore. This we are sure, is a result of their association on the last Troubadour show, "Bride of the Incas". Some choice-bits of verbiage have accompanied these gifts in the past, such as "To the garden where my rose grew" and "You must be swell, judging from the sample I drew". The Sigma Kappas used to receive ice cream on such occasions, but this was discontinued because the perpetual absentees never received their shares, ice cream being a perishable commodity. Incidentally, this insidious custom is the real reason why the Pi Phi's have been growing increasingly plump. It's a result of their ten engagements announced last June.

Fine Arts is moving! Yep, they are now ensconced in a high ceilinged studio farther out, G St. A small section of the room is separated from the remainder by a wire enclosure, designed to prevent the majority of the students from sin and sorrow, for therein the Life Class will hold forth. It's a sort of Walls-of-Jericho idea. And we hope the curtain doesn't fall on the new quarters.

We predict another trend in dates will become popular—the badminton date. The mixed doubles badminton tournament is the most exciting thing, romantically speaking, that has struck the gym for lo, these many moons. Eligible ("eligible" includes in this case, some playing ability) men are being sought after by some of our prettier pretties.

Those Panhel ladies are it again. We mean, the check and re-check system that they employ on each other. At the recent bridge tournament, which was run off in record time, Chi Omega and A.D. Pi were battling desperately in the semifinals. Finally, A.D. Pi was declared the winner by a margin of 100 points or so. But Bridgesters we hope the curtain doesn't fall on the new quarters.

## Other Campi

Wilson Spectacles says that certain psychologists have advocated the table rasa theory of the mind's being blank at birth. I must have just been born at that Spanish exam.

If your grades average 90 or better, you will find a job easily, increase your salary \$1,000 a year, according to M. I. T. I am looking for a hand-out from now on.

The Daily Tar Heel says that despite the fact that he failed in a course on "How to Study," a U. of Minnesota student made a "B" average for two quarters. Where there's life there's hope.

the Omphah's organizing body, demanded a recount. And what did they find? A mistake in scoring made by themselves. The net result is that Chi O. and K. D. will meet in fatal combat shortly.

Fraternities who would discourage this indiscriminate strewing around of pins might well follow the lead of the new S. P. E. initiates who have vowed that the first who gives his pin away must take all the others to a show.

## Money-Back offer helps college men find their ideal pipe smoke!

I SWITCHED  
TO PRINCE  
ALBERT WHEN  
I READ THE  
MONEY-BACK  
OFFER

IT'S THE COOLEST,  
MOST FRAGRANT  
SMOKE I'VE TACKLED

"Prince Albert tastes grand—cool and sweet!" says Joe Roberts, '37—"cakes in the bowl nicely, too."

THIS IS ONE  
TOBACCO THAT  
IS REALLY MILD

William Lanahan, '38, says: "Smoother, swellest tasting tobacco any one can pack into a pipe"—meaning Prince Albert. Get acquainted with P.A. See below our you-must-be-pleased offer.

"After my first pipetful of Prince Albert, my 'sampling' days were over," says Walter Roath, '35.

YOUR CHANCE TO TRY  
PRINCE ALBERT... WITHOUT RISK!

Smokes 20 fragrant pipetfuls of Prince Albert. If you don't find it the mildest, tastiest pipe tobacco you ever smoked, return the packet tin with the rest of the tobacco in it to us at any time within a month from this date, and we will refund full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina

PRINCE ALBERT THE NATIONAL JOY SMOKE

Nothing is  
ever perfect

FOR 1936 we offer what we think is the finest car in Ford history. But no car is ever considered perfect and finished as far as Ford engineers are concerned. Once a year we introduce new models—since that is the custom—but constantly we make improvements in our car, for that is our lifelong habit. We don't wait for Show time to make a better car.

Proof of this is the present Ford V-8. In basic design it is almost the same as when introduced four years ago. But in performance and economy

there is no comparison between the 1932 and 1936 cars.

Ford engineers do not work with yearly models in mind. The Ford Motor Company does not wait for introductory dates to incorporate improvements. As soon as exhaustive tests prove that a new material is better, into production it goes. When new machining processes or new inspection methods are proved superior, in they go also.

The purchasers get the advantage of all improvements as soon as we are certain that they are improvements.

FORD MOTOR COMPANY

# Dettweiler and Ackerman Lead Greeks' Annual Prom

## 12 Dance Program To Be Played Friday By Casa Lomans at Year's Highlight

### Hill Taps New Gate & Keyers

Grand March Scheduled at  
Midnight; Ray Howard To  
Present Cups

THE 1936 Interfraternity Prom, at the Willard Hotel Friday night, will be led by Helen Dettweiler, with John Molyneux, social chairman, and Jean Ackerman, with Newell Lusby, president. Miss Dettweiler, a Washingtonian, is returning here from Florida for the Prom, and Miss Ackerman is coming from her home in New York.

The Prom, outstanding social event of the year, will feature Glen Gray and his Casa Lomans. The program will consist of 12 dances, each dedicated to one of the fraternities represented on the Council. The grand march will take place at 12 o'clock, following the sixth dance.

Immediately after the march, John Hill, president of Gate and Key, honorary interfraternity society, will tap newly elected men; and cups will be presented by Ray Howard, Council activities chairman, for scholarship, bowling, basketball, baseball, golf, and tennis. Gate and Key will award a cup to the most valuable basketball player before intermission.

Each dance on the program will have four parts, and cutting will be in order on the last piece of each number.

Dances are scheduled as follows: Sigma Chi, Kappa Sigma, Kappa Alpha, Theta Delta Chi, Phi Sigma Kappa, Sigma Nu, Acacia, Delta Tau Delta, Sigma Alpha Epsilon, Sigma Phi Epsilon, Theta Upsilon Omega, and Tau Kappa Epsilon.

Chairmen are John and Mrs. Elmer L. Keyser, Mr. and Mrs. Henry W. Herzog, and Professor and Mrs. Merle I. Froitzman.

The social committee consists of John Molyneux, Theta Delta Chi; Ray Howard, Tau Kappa Epsilon; and Newell Lusby, Kappa Sigma.

Other members of the Council are Rose Pope, Sigma Chi; Byre Reeder, Kappa Alpha; Jack Morton, Phi Sigma Kappa; Kenneth Parrish, Delta Tau Delta; Bruce Kerr, Sigma Alpha Epsilon; Charles Chestnut, Sigma Phi Epsilon; Clyde Smith, Sigma Nu; Orrin Bartlett, Acacia, and Cyril Wildes, Theta Upsilon Omega.

The recent ruling against corsages was strengthened at the Council meeting Sunday morning, when the majority of the members reported that their fraternities had decided to fine members who, contrary to rules, gave corsages to their dates.

### Ahalt to Head K. K. G. Livingston, Delta Zeta

Katherine Ahalt was elected president of Kappa Kappa Gamma at a recent meeting. Katherine Bulow was elected pledge captain; Rachel Cooley, recording secretary; Alice Klopstad, corresponding secretary; Anne Hill, treasurer.

Delta Zeta elected Eleanor Livingston president last Monday night. Other officers are Zoe McFadden, vice president; Ellen Maki, recording secretary; Jean Baldwin, corresponding secretary; Frances Crawford, treasurer; and Marjorie Dengler, historian.

### TRYOUTS

for all G. W. talent  
in preparation for  
casting "Davy" and  
the Fiesta Revues.

**Wed.-Thurs.  
7:30 p. m.  
CORCORAN HALL**

AGAIN the Fiesta announces its annual shows—but this time with a confidence that they really will be different. Here's why: the 1936 Fiesta will fill the campus need for a student-written and directed musical production by presenting "Davy," a two act leap-year musical comedy with original music, lyrics, dialogue, and story. In addition, the 1936 Fiesta will produce a series of revues, climaxed the final evening of the celebration by the annual Fiesta Follies.

General tryouts to get a line on student talent available for both "Davy" and the revues and Follies will be held this Wednesday and Thursday at 7:30 p. m. in Corcoran Hall. Only acts and individual exhibitions displayed during these tryouts will be considered for the shows.

So if you can sing (yodel, croon, blue)—dance (tap, novelty, chorus)—play (any musical instrument)—act (straight, character, comedy)—

There's a place for you in "Davy" or the Revues and Follies.

1936 **fiesta**  
for the Band  
MAY 14-15-16

Helen Dettweiler, chosen by John Molyneux, Interfraternity Prom chairman, to lead the grand march at the Willard Hotel Friday at midnight. A resident of Washington, Miss Dettweiler returns this week from the golf and tennis tournaments in Florida. She was graduated last year from Trinity College.

## Modern Game Of Badminton Boasts Illustrious Background

By Leila Holley

BADMINTON, a modification of the very ancient game of battle-dore, and shuttlecock, derived its name from the estate of the Duke of Beaufort in Gloucestershire, England. The game was first played in India many years ago, and was introduced in England about 1873. The Badminton Association in England made the first attempt to organize the fast-growing game. It drew up a set of rules in 1895.

Badminton has been introduced here as the first attempt of the University to foster mixed athletic matches.

Organized competition was instituted in 1899 when the All-England Doubles Championship matches were held. The singles championship was started in the following year. In 1903 England and Ireland engaged in the first international tournament.

With such a splendid start, badminton became a fast-developing game. If we judge by popularity, for example, in 1910 there were 302 clubs in Great Britain and Ireland affiliated with the Association; in 1927, 700 clubs were active in England alone. Still greater gains have taken place since the war.

The game consists entirely of volleying the feathered shuttlecock over a net. Rackets smaller than those used in tennis are used. These rackets are extremely light and easily handled. Badminton is a great deal faster than tennis and requires a vast amount of skill and strategy.

Badminton is played on a rectangular court, similar to a tennis court, but smaller. The net which divides the court is higher than a tennis net. The doubles game usually is played for 15 aces, and rarely is a 21-point game played. For women, the singles game consists of 11 aces. Likely volleyball, only the serving side may score. If the serving side loses a point, the service changes. For this reason and because of the rackets and type of "ball" used, badminton requires complete control, a great deal of stamina and the mastery of a good service, the smash and lob shots.

### Herrman Heads W. A. A. Club Shower Committee

Christine Herrman has been appointed chairman of the committee in charge of the combination shower and housewarming of the W. A. A. club room Monday, March 9, from 3:30 to 5.

Mrs. Barrows, the faculty of the Women's Physical Education Department, and members of the Women's Athletic Association have been invited.

### A Hint To You, Sir!

A woman's heart throbs at the message that only flowers convey and aches with the void created by forgetting them.

Everybody's going to the National Flower and Garden Show in Baltimore, March 14-22. Buy tickets now at your local florist 45c.

## 26 Couples Compete In Tournament

Kauffman, Cline Winners  
In Badminton Mixed  
Doubles

PLAY in the mixed badminton tournament was climaxed last Friday night in the gym when Mary Cline and Joe Kauffman defeated Erma Cannon and Louis Carroll by scores of 15-12 and 15-9.

The tournament, first attempt at the University to foster mixed recreation, which is increasing in popularity at American universities, was sponsored by the men's and women's physical education departments. Twenty-six couples played in the preliminaries Wednesday night.

In the semi-finals Cannon and Carroll defeated Doris Dungan and Pete Yurwitz, 15-4, 16-14, and the Cline-Kauffman combine beat Louise Erik and Gray, 15-7, and 15-4.

Coaches Helen M. Lea and Max Farrington, in charge of the competition, were eliminated in the second round by Elva Lohr and Roy Lever, 3-15, 15-10 and 15-10.

Kauffman started the matches as partner of Harriet Hildebrand, but teamed with Mary Cline when she was unable to appear Friday night.

## Founders Day Events Planned

The active and alumnae chapters of Phi Mu will commemorate the eighty-fourth anniversary of the founding of Phi Mu when the annual founders' day banquet is held at 8:15 tomorrow evening at the Shoreham Hotel.

Sigma Alpha Epsilon will hold its founders' day banquet at the Mayflower Hotel, Saturday evening. The chapter house Sunday. Phi Sigma Kappa will hold a founders' day banquet at the Mayflower Hotel, at 8 p. m. Mar. 14, and a tea dance at the house, Mar. 15.

Colonial Campus Club held a roller skating party last night. Sigma Nu held a tea dance Sunday.

## Frosh Rifle Team Wins By 7 Points

Interclass Match Score  
1086 From 2000; Junior-  
Seniors Trail

LEADING their nearest competitors by only seven points, the freshman team last week won the annual interclass rifle match with a score of 1086 out of a possible 2000.

The sophomores scored 1079 points, while the junior-senior team trailed with a score of 1066. The highest score of the match, 283, was made by Tinker Considine, captain of the freshman team.

The match consisted of three stages. Each member of each team fired three targets, and the score of a team was the combined scores of the targets of the members.

The members of the freshman team will be awarded numerals. All members of all teams are eligible for election to Women's Athletic Association.

The scores of the members of the winning team in the match are:

Tinker Considine 283  
Marie McNeese 272  
Patricia Davis 271  
Betty Emerson 260

The varsity began firing in competition matches with other schools last Saturday, when they participated in a triangular match with Northwestern University and Carnegie Tech. The results of the competition will be known this week. Other matches on the varsity schedule are:

March 7, Drexel  
March 14, University of Maryland  
March 28, University of Missouri

## 3 Medical Fraternities Announce Initiations

Three medical fraternities announce recent initiations: Alpha Epsilon Iota, women's medical fraternity; Lucy Frank, Ella Frazier, Florence Grady, and Dorothy Jaeger.

Alpha Kappa Kappa: Robert M. Diltz, Sanford W. French, Paul Gerhardt, William G. Harris, Camp S. Huntington, Francis H. LaRoche, James H. Lasater, Robert C. Maher, Paul W. McCracken, Henry H. Ringness, Harold Strunk, and Joseph C. Vargyan.

Phi Lambda Kappa: Harold Bedelle and Irving Shapiro.

## Panhellenic Council Picks Haymes for Annual Prom

Joe Haymes

## Greek Groups Initiate, Pledge

Tau Kappa Epsilon announces the initiation of Robert E. Gordon, George W. Irving, Jr., William R. McCallum, Hubert A. Newsom, Donald W. Rush, Earl H. Study, and Charles D. Waldecker. Otto B. Roepke and Freeman W. Sharp, Jr., former members of Sigma Mu Sigma, were initiated at the same time.

Kappa Kappa Gamma recently initiated Dorothy Ames, Mary Ann Anderson, Katherine Brown, Tinker Considine, Doris Eason, Virginia Koons, Harriet McCune, Marie McNeese, Mary Jo Mitchell, Charlotte Poole, Olive Reed, and Jeanette Stutler.

Zeta Tau Alpha announces the initiation of Terrie Egan.

Sigma Alpha Epsilon announces the pledging of Elmer Collins, Buddy Irani, Bill Reeve, Ed Tierman, Tommy O'Brien, Leon Morris and Lewis Cotton.

Sigma Phi Epsilon recently pledged Andy Gleeson, Herman Bollinger, and Phil Egan.

Beta Phi Alpha announces the pledging of Carolyn Walden.

## Maidlow To Tap New Delphites

Spelman and Loeffler Lead  
March; Bridge, Intramural  
Cups To Be Awarded

JOE HAYMES' orchestra will play for the Panhellenic Prom Friday, Mar. 13, at the Willard Hotel.

Haymes has just completed a contract at the famous Roseland Ballroom on Broadway, and has played at many eastern colleges and universities. He played for the prom year before last.

The bridge cup will be awarded again this year, and new intramural cups will be awarded.

Delphi's tapping by newly elected president Charlotte Maidlow will take place at midnight. Elections of new members will be kept secret until the night of the prom.

The grand march will take place at midnight, led by Mary Spelman, president of the Council, and prom chairman, Eldridge Loeffler.

## Juniors, Seniors Win in Basketball

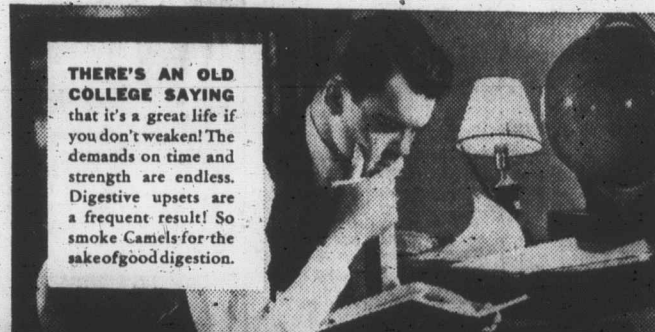

The juniors eked out a two-point victory over the sophomores, and the seniors defeated the freshmen by a goal in the basketball games last Wednesday in the gym.

Both games were very close throughout. At the end of the half, the score in the junior-sophomore tilt was 8-7, and in the senior-freshman, 12-9. The freshmen were handicapped by the absence of Betty Emerson, who had not had enough practice to participate.

In the senior-freshman games, the whistle blew with the score tied. The ball was still in mid-air, and at the conclusion of the play, the seniors had a two-point advantage.

# FOR DIGESTION'S SAKE — smoke Camels

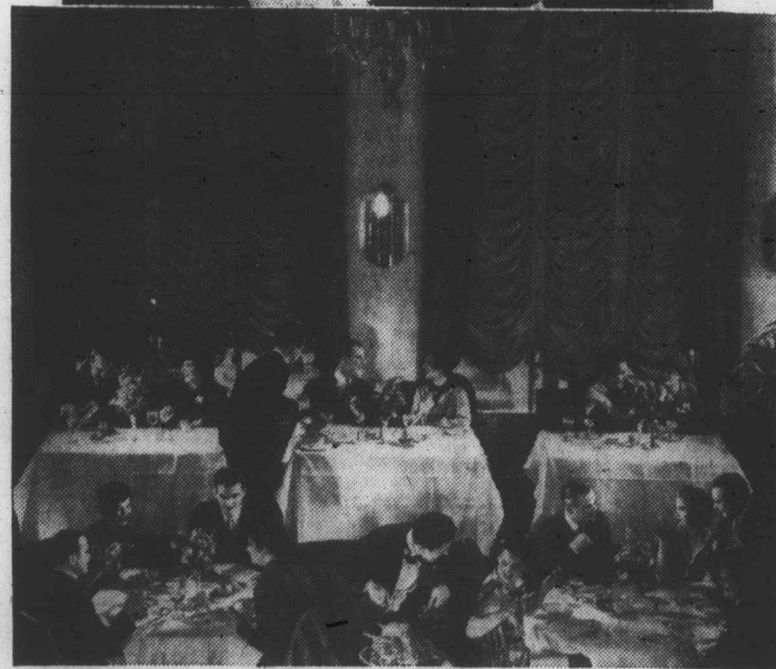

## Smoking Camel Cigarettes Aids in Assuring Natural Digestive Action

"Hurry—hurry—hurry" seems to be the order of the day. People get caught in the lockstep of modern life. Tension finds the weak spot, so often—digestion. Smoking Camels improves digestion... wards off the consequences of hurried, nervous living. Camels gently stimu-

late digestive action. They promote the feeling of well-being and good cheer so necessary to the proper assimilation of food.

In a word, Camels set you right! And, in smoking Camels for digestion's sake, you may enter a whole new world of smoking pleasure.

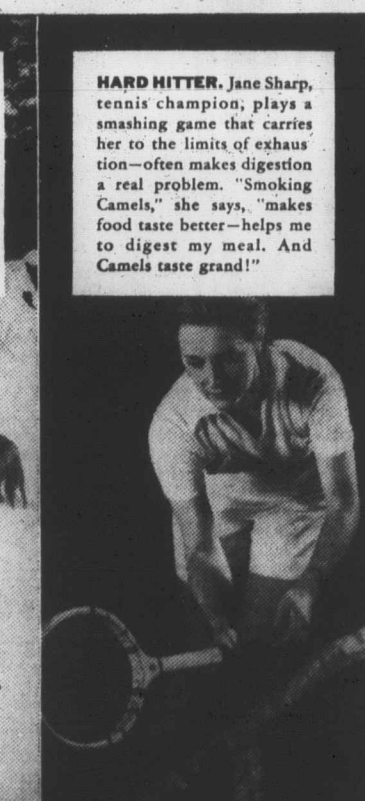

no wish goes unsatisfied. "So many of our guests smoke Camels," Erik says, "for they have found that choice tobaccos add to the pleasure of the meal. Camels are tremendously popular—a leading favorite here."

**TUNE IN!**  
Camel Caravan with  
Walter O'Keefe, Deane  
Janis, Ted Husing, Glen  
Gray and the Casa Loma  
Orchestra  
Tuesday and Thursday—  
9 p. m. E.S.T., 8 p. m. C.S.T.,  
9:30 p. m. M. S. T., 8:30  
p. m. P.S.T.—over WABC  
Columbia Network.

## COSTLIER TOBACCOS!

Camels are made from finer, MORE  
EXPENSIVE TOBACCOS—Turkish and  
Domestic—than any other popular brand.

**HARD HITTER.** Jane Sharp, tennis champion, plays a smashing game that carries her to the limits of exhaustion—often makes digestion a real problem. "Smoking Camels," she says, "makes food taste better—helps me to digest my meal. And Camels taste grand!"

## Doyle Selects Committee On Joint Concert

### Committee To Develop Interest In Glee Club-Symphony Concert

Henry G. Doyle, dean of Columbian College, has appointed a committee to develop interest in the joint concert of the National Symphony Orchestra and the University Glee Club at Constitution Hall Mar. 15 at 4 p. m.

According to Dean Doyle, interest will be developed, "not only because of the participation of the Glee Club, but because it is an opportunity to show that the University supports the Symphony Orchestra and its leader, Dr. Hans Kindler, who was the recipient of an honorary degree from G. W."

The committee consists of the following representatives of the faculty and student musical interests: Anna Pearl Cooper, vice-chairman; Daniel J. Anderson, manager, Men's Glee Club; Vinnie G. Barrows, William P. Briggs, Kaye Burrell, president of the Symphony Club; Samuel B. Detwiler Jr., assistant to the director of the Glee Club; Bourke Floyd, president of the Student Council; Harriet Garrels, president of Columbian Women; Martha Gibbons, Robert H. Harmon, director of the Glee Clubs; Andrew M. Knappen, editor of Kappa Kappa Psi; Mrs. John R. Lapham, president of the Faculty Women's Club; John R. Mason, Merle I. Protzman, Austin Roe, president of Kappa Kappa Psi; Hec G. Spaulding; Benjamin D. Van Evers, president of the Faculty Club; and W. Hayes Yeager. The committee met yesterday.

### Men's Glee Club Elects Andersen

(Continued from Page 1)

details of the club with the aid of Sam Detwiler, graduate manager, requested the formation of a student administration to relieve him of all except actual conducting and arranging of engagements.

#### Will Check Eligibility

The duties of the new officers will be to check up on attendance at rehearsals and eligibility of the members and to promote the general welfare of the Glee Club. The new manager has announced that due to the necessity for constant rehearsals because of the spring glee club programs, students who miss more than two consecutive rehearsals without reason will be expelled from participation in activities of the club.

"There are", he said, "still vacancies for two first tenors and two second basses in the club". Students interested in tryouts for these positions should report to Dr. Harmon at the Thursday meeting of the club in Corcoran 29 at 7:30 p. m. Membership in each of the four parts is limited to 10 men.

The present members of the Men's Glee Club are as follows: First tenor, Gaynor Britt, Richard Coe, Jack Davis, Jack Embrey, Walter Heison, Gerald Hess, Donald Rush, and Tom Scott; second tenor, Austin Gattis, Andrew Knappen, Melvin Law, Herbert Nelson, John Palmer, Elbert Powers, Vance Shiflet, Richard Slingers, Roland Spencer, and Harold Winkler; first bass, Dan Andersen, Harold Brethaupt, William Bonnel, George Croft, Tom Enzor, Benedict Genua, Theodore Goldberg, Paul Leprade, Oliver McDorman, Harold Newsom, and Richard Schrimsher; second

## Fiesta Plans To Produce Two Act Musical Comedy

Taking up the torch of campus musical dramas which Troubadours was forced to drop because of student indifference earlier in the year, the 1936 Fiesta Sunday announced the production of a two-act, student-written, composed, and directed musical comedy for the Fiesta celebration May 14, 15, 16. "Davy," the leap-year story of a faithful student of an eastern college let loose as fair prey among a world of women on New Year's Eve, has been selected as the show. In addition to the musical comedy, the Fiesta this year will produce a series of highly revues and the annual Fiesta Follies.

General tryouts open to all University students to determine the talent available for the shows will be held in Corcoran 10 Wednesday, and in Corcoran 29 Thursday at 7:30.

#### Board Named

At the same time the announcement of the shows was made, the production board to produce "Davy" and the series of revues and the annual "Follies" was made known by the board of directors of the Fiesta.

Lawrence V. Beckerman, law student, will direct "Davy" and act as chairman of the production board. Beckerman directed and acted in "The Game of Chess," play which won first prize in Washington's annual one-act play tournament recently, is a member of the George Washington Radio Players, and is playing the part of Philip Seville, the villain, in the forthcoming Cue and Curtain production, "Ten Minute Alibi."

Carl Mainfort has been chosen to head production of the revues and the 1936 Follies. Seby Davis, assistant director and stage manager for the shows in 1935, will hold the position of stage manager. Robert Howell, a member of the publicity and program staffs last year, will be

in charge of ticket selling as business manager. "Davy" is taken from a story by Terrie Egan, associate director of the 1936 Fiesta. Dialogue is being prepared by Lila Hannah, a member of Prof. Douglas Bement's creative writing class.

Ehrmantraut Writes Music Music for the production, including five original songs and a New Year's Eve fantasy, has been written by Jack Ehrmantraut. Organization and rehearsal of the 15-piece orchestra required for "Davy" will be conducted by Ehrmantraut. Tryouts for the orchestra will be held in conjunction with general tryouts.

The production board announced yesterday that all types of talent would be welcome at the tryouts tomorrow and Thursday.

The production board will be assisted by Helen Beakle, as its dance director, and Peggy Moore as costumer.

Milton Freedman will be assistant director of "Davy" and Deane Bryant will assist Mainfort in this year's vaudeville productions. Morris Isrealson has been named electrician. Sets for the shows will be constructed by a special unit of the regular Fiesta construction department, and the stage crew will be directed by Davis.

## University Prints Alumni Magazine

(Continued from Page 1)

cost of the magazine and directory, and travel expenses. It is recognized, of course, that the time will come when the alumni will have organized themselves so effectively as to be able to take over their share of the program.

The alumni magazine will be sent twice yearly to every alumnus of the University, the first number being issued in the spring. It is anticipated that the number of issues will be increased as the program progresses, and that other bulletins will be issued from time to time.

The work of extension and intensification of the alumni organization will come to a focus in the annual meeting of the General Alumni Association in June, which will be one of the largest and most important alumni gatherings ever held.

Meanwhile, President Marvin and Professor Ames will visit alumni groups at various points outside of Washington, and the work of organizing regional alumni clubs in all places where there are groups of George Washington alumni will go forward.

Committees which have been appointed in line with development of the program are:

Organization Committee: Charles S. Baker, President of the General Alumni Association, Chairman.

Professor Ames, Assistant to the President of the University, Secretary.

Dr. Daniel LeRay Borden, past President of the General Alumni Association.

Dr. J. C. Bradley, President of the George Washington University Medical Society.

Mrs. Joshua Evans, Jr., of the Board of Trustees.

Dr. F. A. Hornaday, past President of the General Alumni Association.

E. Hilton Jackson, President of the George Washington Law Association.

Marcelle Lane, Alumni Secretary.

Lester Smith, President of the Library Science Alumni Association.

Miss May Paul Bradshaw, Francis Brown, Mrs. Joshua Evans, Jr., Lester Smith.

Professor Ames (Assistant to the President of the University).

Mr. Herzog (Assistant to the Controller of the University).

Mrs. Lane (editor) Chairman.

## Blossom Sale Awards Prize To K. Dengler

### Second and Third Awards Go To Kerns And Shelton

Katherine Dengler, who collected \$20.35 from the sale of cherry blossoms during the Masonic Club's annual Cherry Blossom sale, will receive first prize of \$6 awarded to the woman turning in the largest receipts, George Sangster, president of the Masonic Club, has announced.

Winners of the second and third prizes, consisting of \$3 and \$1, are Josephine Kerns and Mary Shelton. These women collected respectively \$11.03 and \$9.

The total receipts for the 1936 sale at this University were \$57.71. This money goes into a fund, to which Masonic clubs all over the country contribute, for the maintenance of two chairs of foreign service at George Washington.

### Evans To Present Paper In Biochemistry Seminar

Dr. Everett Evans, of the Department of Agriculture, will present a paper on "Ovulation, Fertilization, and Early Development of the Mammalian Egg" at the Medical School's department of biochemistry seminar, 4:30 p. m. He will use motion pictures to demonstrate his talk.

### Government School Elects

Morris Kruger was elected permanent delegate to the Student Council at the last meeting of the School of Government governing council.

A constitution, written by Jerome Gottlieb, was introduced and will be voted on for adoption in its revised form at the meeting this week.

### Evidence—Sections A and C

Assignment on the first eight exceptions to the Hearsay Rule. Take all cases except 538, 542 and 545. Please note the following changes in the arrangement of cases: 345 after 336; 402 after 396; 396 after 392; 401 after 396; 38 after 404; 430-1 after 419; 426 after 420; 111 after 422; 528 after 425; 435 after 429; 502 after 490; 509 after 515; 95 after 524-1; 175 after 536-2; 16 after 175; 97 after 548.

The ninth exception will be dealt with as follows:

- State of mind in issue. 561, 562, 563, 564, 571, 569, 578, 577, 584.
- State of mind to prove an act. 572, 575, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620.
- Subject and form of the utterance. 24 III. L. Rev. 488 (1929).
- Time of the utterance. 577, 584, 624; 20 U. L. Rev. 626; 628, 631, 633; McWilliams, Admissibility of Spontaneous Statements, 21 Calif. L. Rev. 420 (1933); 636.
- Identity of declarant other than injured party or wrongdoer. (1) Excited bystander, 637. (2) Unexcited bystander, Hutchins and Slesinger, Spontaneous Exclamations, 28 Col. L. Rev. 452 (1938).
- Non-verbal conduct 338; McCormick, The Borderland of Hearsay, 39 Yale L. J. 489 (1930).

## Library Alumni Hold Luncheon; Choose Officers

The alumni Library Science Club will elect officers during a luncheon meeting Saturday at the Admiral Hotel, 1:15 p. m.

Guests of honor will be Miss Adelaide R. Hasse, lecturer in library science; Miss Elizabeth A. Lathrop, assistant professor of library science; Director Alfred F. W. Schmidt of the Division of Library Science; and Mrs. Alfred F. W. Schmidt.

### Parr Addresses Seminar

Dr. Leland Parr, of the department of bacteriology and preventive medicine, was speaker at a School of Medicine seminar Friday. He spoke on "Some Problem in the Colon Group of Bacteria".

## Essay Entries Exceed Fifty

### Historical Contest Close Has Been Delayed Till Saturday

According to Prof. Lowell J. Regatz, the number of entrants in the annual historical essay contest has exceeded 50. The entrance date has been moved forward one week to enable anyone desiring to enter to register with Dr. Regatz before the new deadline Sunday.

The four contests are sponsored by The Colonial Dames, an anonymous donor, Thomas F. Walsh, and the D. A. R., respectively. Essays are due Apr. 15.

## International Club Will Hold Dance At The Mayflower

Officers from the various embassies and other prominent Washingtonians will attend the International Students Society ball Mar. 13 at the Mayflower Hotel, Italian Gardens, according to Myer Stolar. The Myer-Davis orchestra will furnish the music for the dance.

The committee for the dance, under the chairmanship of Myer Stolar, is as follows: Helen Eddy, Helga Schulz, Katsuro Miho, Kitty Baart, Doroteo Vite, and August Costantini.

*Luckies*  
a light smoke  
OF RICH, RIPE-BODIED TOBACCO—"IT'S TOASTED"

**Luckies are less acid**

Excess of Acidity of Other Popular Brands Over Lucky Strike Cigarettes

Brand	Acidity Level (0 to 100)
LUCKY STRIKE	~10
BRAND B	~45
BRAND C	~65
BRAND D	~85

**STANDARDIZED UNIFORMITY**

The simple mechanical details of cigarette manufacture are of surprising importance. Upon them depend the physical properties of the cigarette, such as weight, size, firmness, moisture-holding properties, uniformity of fill—uniformity of product—all of which have a far-reaching effect on the character of its combustion and the constituents of its smoke.

In the manufacture of Lucky Strike Cigarettes all of these properties have been standardized with care for the perfection of A LIGHT SMOKE.

**"IT'S TOASTED"—Your throat protection—against irritation—against cough**

LUCKIES ARE LESS ACID! Recent chemical tests show\* that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.

\*RESULTS VERIFIED BY INDEPENDENT CHEMICAL LABORATORIES AND RESEARCH GROUPS

WASHINGTON, TUESDAY, MARCH 3, 1936

Hal Kiesel and Milt Schonfeld Are Chosen on Star's All-District Basketball Team.

## G. W. Frosh Play Rockville A. C. Tomorrow Night

### Seek Second Stright Triumph In A. A. U. Court Tourney

Rockville Provided Biggest Surprise Of D. C. A. A. U. Tournament By Beating Investigation "Blue" Team In 22-21 Thriller

COACH "OTTS" ZAHN'S frolicking frosh, having closed out their regular schedule with a victory over Western High last Tuesday afternoon and opened their campaign for the D. C. A. A. U. basketball title, with another over Mt. Vernon Wednesday night, by the decisive victory of 29-16, are all set to lash out at Rockville A. C. "dark horse" of the tourney, tomorrow night in the Heurich Gym at 9:30.

The Marylanders, not particularly heralded in the tournament, sprang the biggest surprise so far by rubbing out the Blue team of G-men from the Bureau of Investigation in a 22-21 thriller that nearly

Buoyed up by this victory, the Rockvillians will probably be the hottest hands in the tournament when they meet Borum, Collins, Faris, Silkowitz and Co. tomorrow. Well Earned Victory.

Their victory in their tournament debut, last Wednesday, was well earned and gave an especially good idea of the yearling's standing in comparison to the rest of the field. They were off-form that night. Their long shots, as made by Faris and Sid Silkowitz ultimately provided their winning margin, yet they were not dropping nearly as consistently as usual. Nor were the close-in follow-ups sinking as of yore, yet so good was their defense that after fighting on fairly even terms throughout the first half, they were able to run up a 13-point margin and win going away.

The fact that the zealous Zahnmen can win so decisively even when their offensive big guns are comparatively ineffective is a big point in their favor and an ill omen for those outfits so unfortunate as to run up against them when they are hitting on all eight.

Defeat Western Handily. Sporting a season's record of 18 wins, against two losses, the Freshman Flippers hijacked the last game of their regular schedule from the surprisingly powerful Red Raiders of Western, 39-25, last Tuesday.

The Westerners, playing before a capacity crowd in their gym, fought the Frosh to a standstill for (Continued on Page 6.)

### O'Brien Tops G. W. Scorers

Hal Kiesel, Ben Goldfaden Average 9.47 and 8.05 Points, Respectively

THOUGH Tommy O'Brien led the scoring for the season, each member of G. W.'s "Terrible Trumvirate," namely O'Brien, Hal Kiesel and Ben Goldfaden, was outstanding in one particular phase of the game—O'Brien in scoring, Kiesel in percentage of goal attempts, and Goldfaden in assists.

O'Brien clinched the scoring championship by rolling up 14 points in the final game against Wake Forest for a total of 193 points, an average of 10.16 per game. Kiesel followed him with 180 markers to average 9.47 per game, and Goldfaden brought up the rear with 153 points, an average of 8.05.

Kiesel topped the boys in goal attempts, field goals and fouls. Hal basketed 69 out of 132 goal attempts for a percentage of 52.3. He shot 42 fouls out of 66 attempts for a 63.6 average. Goldfaden was second in field goal attempts percentage with 62 out of 131 for 47.3, while O'Brien's percentage was 39.8, scoring 86 field goals out of 216 attempts. O'Brien was second in foul attempts, shooting 21 out of 38 from the free line for a 55.3 percentage. Goldfaden's percentage for foul attempts was 50.9, as he scored 29 out of 57 times.

Schonfeld followed the "Big Three" of the team by totalling 85 points in 16 games, an average of 5.31. Milt was third in foul percentage, sneaking in between O'Brien and Goldfaden with a percentage of .619.

### THINGS and STUFF

G. W. ought to hire a lawyer. . . Seems Dickinson College got tired of being called the "Red Devils" . . . so now they have re-nicknamed themselves the Colonials. . . They ought to be scheduled for a football game one of these seasons. . . We'd pick the Colonials to win. . . Didst see? . . . that "Otts" Zahn, who is Roland Logan's successor as freshman basketball coach, was high scorer in a recent game between the Heurich Pros and some boys calling themselves the "Willigs" . . . "Otts" sank three snowbirds and seven fouls for 13 points. . . The latest rumor has it that Walter Bakum has revised Edie Cantor's song to read, "The butcher, the Bakum, the candlestick maker," etc. . . Wonders of science . . . the front page of this "rag" a few issues ago ran

### G. W. Riflers Challenge Army

WITH half the season over, the George Washington varsity rifle squad is busy priming itself for the Colonial-West Point tilt Friday. Although at first it was expected to be a shoulder-to-shoulder meet, it has not yet been definitely decided.

Slightly elated over their recent victory over Virginia Polytechnic Institute rifle team, 1360-1354 (unofficial), the rifle team competed with Georgetown University last Friday in a telegraphic meet and another victory for the Colonials is predicted.

Due to illness, Dana Wallace, the team manager, was not able to complete his shooting until last night, at which time Bob Martin also completed his.

The Colonial summaries:

	K	P	S	T
Wallace	(not completed)			
Martin	97	98	97	277
Gebhard	98	96	76	269
Mulligan	97	92	75	264
Johnston	96	86	79	261
Wetzel	98	88	68	254
Goumas	97	87	61	245

### G. W. Five Entered In Olympic Tryouts

THE Olympic trials are coming, and according to latest information, when they come George Washington's Colonial quintet will be in them.

The Athletic Department has already filled in the entry blank sent them by the Olympic tryouts committee, but is awaiting word from the officials as to pairings and dates before returning their official acceptance of the invitation to enter.

However, according to the "Washington Post," H. Jamison Swarts, chairman of the District 2 Olympic committee, has received entries from both G. W. and Georgetown University.

They will, according to Jamison, fight it out with Temple, St. Johns of Annapolis, Bethany, Duquesne, Pittsburgh, and West Virginia for the honor of playing the champion of District 1, in Madison Square Garden.

To speed up the otherwise unwieldy affair ten sections will hold elimination tournaments, the winners from each group will then pair with other sections winners to determine the five college teams entering the finals. Two National A. A. U. winners and the Y. C. A. champions will clash with the college finalists at Madison Square Garden, the first week in April, for the honor of representing America in the Olympic games in Germany this year.

### Frosh's A. A. U. Record

Freshmen, 29; Mt. Vernon, 16. Wednesday — Freshmen vs. Rockville, Heurich Gym, 9:30 p. m.

### Most Prominent in Successful Season

Hal Kiesel, left; Coach Bill Reinhart, center, and Tommy O'Brien, who played a most prominent part in the success of the '35-'36 edition of George Washington University basketball teams. Kiesel was unanimously elected captain of the team for next season. Reinhart and O'Brien were both new to

### Colonials Complete "Most Successful Season", Winning 16 of 19 Basketball Games

#### Team Exceeds Reinhart's Expectations; L. I. Only Superior Team

THE varsity basketball team completed what is called by many "G. W.'s most successful season" last Monday night by beating the Wake Forest five for the second time this year. When the final records are gone over, one finds that the "Captivating Colonials" won 16 and lost three games.

Coach Bill Reinhart said, when questioned on his views of the season, "Well, the team did a lot better than I expected when practice first began. We played only one team that was any better than we were—that was Long Island."

Now mind you, Reinhart is not making any allusion, but is expressing his honest opinion. Against Ohio State, in the second game of the season and, incidentally, G. W.'s second scrimmage of the season,

the team was a little too green and shaky. Consequently the State five defeated the Colonials. Against St. Johns some bad officiating and bad breaks were too much for G. W. and again G. W. was on the short end of the score. Two nights later the Gwana ran into a team very much similar to the Westminster quint—a team of long shooters. G. W. defeated Westminster, but the Long Islanders in a gym, shorter than the Tin Tabernacle, shot before the G. W. defense got set and when they shot there usually followed a "swish" that had Bill Reinhart tearing his hair and biting his nails. G. W. previously had been used to running down the court and then turning and getting set for the opponents' offense. However, the Colonials did not get used to the short court until it was too late.

At the beginning of the season Bill Reinhart had seven veterans of last year's team, which won only 14 of 20 games, plus a couple aspiring freshmen. Tommy O'Brien, in his first year as a varsity candidate, soon distinguished himself on the court and earned a starting forward position. Ben Goldfaden, high scoring forward of last season, and Hal Kiesel, tanky center, kept their starting positions, but George Freilicher, who played in only 12 of the 20 games last year, impressed the new coach, Reinhart, and es-

#### Short Court At Long Island Big Factor In G. W.'s Third Defeat

pecially the forwards, who were trying to show their "stuff", by his clever guarding and general floor play. Capt. Tuffy Leemans started at guard, but Milt Schonfeld, Nob Yawk's contribution to G. W. basketball, later took over Leemans' place as a starter.

So with this lineup G. W. soon distinguished itself as a threat to any team. O'Brien "getting set" for some of his potshots; Kiesel got the jump; Freilicher kept opposing forwards in check; Schonfeld proceeded to make "fores" out of the foes with his style of play, and Goldfaden and Leemans contributed their part to the team's success. And so G. W. was off to the races, running a string of 14 straight between the first Ohio State game and the St. Johns tilt.

In the season's opener G. W. (Continued on Page 6.)

### P. S. K., Acacia and S. N. Bowlers Are Tied In League B

Delta Tau Delta Maintains Lead In League A Over Sigma Phi Epsilon and Kappa Alpha; Phi Sig Indians Set Two Records

HEADING into the home stretch with more than half their matches behind them, the Phi Sigma Kappa, Acacia and Sigma Nu bowling teams are tied for first place in the Interfraternity League B, as results of winning their matches Saturday on the Rendezvous Alleys. Delta Tau Delta maintained its lead in League A, but is in first place by only a one-game margin over Kappa Alpha and Sigma Phi Epsilon, who are tied for second place. With but two more matches to be bowled attention is centering on the League B race as the league leaders of that loop continue to turn in higher scores than the League A clubs.

### Two Colonials Chosen On D. C. Five

THE Star came out with a District all-college quint Sunday, in which the entire George Washington five, "because it presented the best all-around basketball team to represent a local college," was placed on the squad.

Hal Kiesel and Milt Schonfeld were unanimously nominated by District coaches for positions on the first team, as center and guard, respectively. Harry Basin of G. U., Bernie Buscher of Maryland, and C. U.'s Bernie Lieb round out the first team selections.

Strangely enough the District's top scorers Hermie Schmitt of C. U. and Tom O'Brien of the Colonials were relegated to the second team as were G. W.'s George Freilicher and Ben Goldfaden, and Georgetown's sophomore center Mike Petroskey.

The highlight of last week's matches was the T. U. O. P. S. K. battle, which the Indians won, taking all three games. Though losing, T. U. O. put up a great battle all the way through and lost the second game by the close margin of 527. In winning the match the Phi Sig amassed a three-game total of 1,607, the season's high, with Hal Kiesel, varsity basketball center, setting the pace for the Indians with a 376 three-game total, also a season's record. Phi Sigma Kappa lost a two out of three decision to Acacia Friday night in a match postponed from last Saturday and (Continued on Page 6.)

#### Flower League News

News and results of Sunday's games in the Flower League will be found on Page Six.

### Swim Teams Close Season

Varsity Meets Lafayette; Both Teams Face Johns Hopkins

THOROUGHLY rested, both the varsity and freshman swimming teams are eager to finish their seasons with a grand splurge.

The varsity swimmers will hold the last local meet tomorrow night at 8 o'clock at the Shoreham pool, tackling the strong Lafayette swimming team.

Saturday will find both the varsity and freshmen in Baltimore, against Johns Hopkins varsity and freshmen "tankers," respectively. Both meets are predicted to be close, hard-fought matches by Coach Max Role. The two meets will complete the season for both teams in a novel manner as freshmen events will alternate with varsity events.

Lafayette will present a strong front in the personages of Stoufflet in the 50-yard and 100-yard events, and Hensler in the 220-yard and 440-yard events. Stoufflet won last year's 100-yard Eastern Intercollegiate championship.

Notice, Frat Bowlers Don't forget to turn in your bowling scores to the Hatchet Sports Department by 2 p. m. Sunday.

Center Party Finally Gets Cooperation

First Time Party Organization Shown Since First Meeting

The Center party majority, which has failed to secure the passage of any committee reports since the first meeting of the Union, showed party organization for the first time Sunday, when an amendment to the constitution was passed.

The bill was supported by a two-thirds majority, despite a Left-Right coalition attempt to offer a substitute bill.

The amendment provides that Congress shall have the power to enact uniform laws to regulate and control all agriculture, industry, waterpower, mining, and commerce, within the territory of the United States. It also provides for regulation of the conditions of labor and public health, and security for aged, unemployed, and incapacitated persons.

It was felt by supporters of the bill that the enactment of this amendment will open the way for passage of legislation in the future which might otherwise be defeated as unconstitutional.

Other resolutions presented by the Center party were also carried, one providing that there must be a two-thirds vote of the justices of the Supreme Court to declare any act of the Congress unconstitutional, and another providing for the repeal of the rider to the District of Columbia appropriation bill, restricting schools from teaching or advocating Communism.

Representative William Lemke, Republican, North Dakota, will address a Center party caucus, to which members of all parties have been invited, at 8:30 p. m. in Corcoran 10.

Coadjutor of the Frazier-Lemke farm bill, he will talk on the bill which is now before Congress.

A farm bill to be reported by the agricultural committee of the Union at the next monthly meeting, will be along the same lines as the actual bill now before Congress.

The bill, which will be introduced by Jerry Griffin, chairman of the agricultural committee, would set up an efficient credit system through the use of the Farm Credit Administration and the Federal Reserve Banking System to liquidate and refinance agricultural indebtedness at a reduced rate of interest, and would create a Board of Agriculture to supervise the system.

The Left party will hold a caucus Friday night at 8 o'clock in Corcoran 10; it was announced by William Goodykoontz.

The Left party distributed copies of its first newspaper, "The Left Party Speaks," Sunday. The paper will be issued every week. It is edited by Reba Edelman, Donald Cooper, and Joseph Jaffe.

Three Frats Tie For Duckpin Lead

(Continued from Page 5)

were on the rebound when T. U. O. fell their victim.

A match between Sigma Chi and Sigma Alpha Epsilon, postponed from last Saturday, will be rolled off Thursday night at the Rendezvous alleys at 8 o'clock. It will virtually decide the League B cellar championship.

The season's first forfeiture occurred Saturday night when Sigma Alpha Epsilon failed to show up for its scheduled match for Acacia.

The schedule for the remaining two weeks of matches are as follows:

Saturday, Mar. 7

Sigma Alpha Epsilon—Forfeited.

LAFAYETTE SWIMMERS WIN

The Lafayette swimming team, which will face the Buff and Blue swimmers next week, defeated another opponent of the Colonists last week, conquering the Johns Hopkins swimmers, 45-23.

Students Consider Business Failures

"Business Failures—Their Causes and Remedies" will be discussed by members of Alpha Kappa Psi, men's professional commerce fraternity, at a meeting in the Theta Delta Chi house tomorrow night.

Business statistics and other material will be presented by Frank Daniel and Irvin Dyke. An open discussion of the topic will follow.

Frosh, Rockville Vie in D. C. A. A. U.

the first half and a part of the second, before beginning to wift under the relentless pressure applied by the Freshmen.

Time and again the keen-cutting, fast-shifting freshman attack was balked by the hard-working high-schoolers, who, however, were equally unsuccessful penetrating the zone defended by the Zahmen.

Paris, with 11 points, led the scoring parade, while Gerry Burns of Western tagged close on his heels with 10.

Canhan Addresses D. P. E.

Erwin D. Canhan, chief of the Washington bureau of Christian Science Monitor, discussed the economic problems of the Philippine Commonwealth and the political situation in Japan, at a meeting of Delta Phi Epsilon, foreign service fraternity, last Thursday.

Election of new members will be held Mar. 11.

Marine Officer Will Lecture Members At Hybla Valley Airport

The Flying Club last week opened the first of a series of Sunday meetings to be held at Hybla Valley Airport in their own clubroom, a gift of the manager of the airport. The room is furnished and contains a library of aeronautical magazines.

A ground school was started last week under the direction of Lieut. Walter Brownell, engineer of the department of Commerce, who has volunteered his services. Brownell is a lieutenant in the marine corps reserves and has been graduated from Massachusetts Institute of Technology. He will lecture from 4 to 5 p. m. Sunday in the clubroom.

Besides the groundwork, many members take weekly flights. Last week Charles Garber, George Hudson, Sam Myers, Howard Robertshaw, and Kim Wessels took flights. Ray Morders made a parachute jump, and Garber gave a stunt flying exhibition.

Members of the Flying Club who took ground work instruction last week, but did not venture into actual flying are John Willis and Lauchlin Kelly.

This Sunday's meeting from 2 to 4 p. m. in the clubroom at Hybla Valley Airport is open to University students interested in joining.

The Flying Club was organized last year by Jim Webb, captain in the marine corps and former law student at the University.

Carl Allentuck Will Talk On Jewish Immigration

Carl Allentuck will discuss the first wave of Jewish Immigration to Modern Palestine at the next meeting of Avukah, tomorrow night at 8:30 in Columbian House.

Hyman Chozick will discuss various Zionist activities conducted by Avukah. He will also explain the conditions of the Bialik prize essay contest.

Theta Tau Meets Tomorrow Night

The University chapter of Theta Tau, professional engineering fraternity, will hold a dinner meeting tomorrow evening at 7 o'clock at Loyd's Restaurant, 1819 G St.

In addition to about 15 active members, a number of alumni and rushees will attend.

Newman Club Hears Priest

Cartwright Discusses Book On "Religion and The Modern State"

The Rev. Richard S. Cartwright spoke on Christopher Dawson's newest book, "Religion and the Modern State", at a meeting of the Newman Club last Thursday.

After the talk Lucille Hammett, who represented the group at the province convention in Philadelphia, made her report. Miss Hammett also announced that the convention had chosen Frank Thibadeau first vice chairman of the province.

The club will hold its annual Lenten Service in the Perpetual Adoration Chapel in St. Paul's Church, 2419 V St., next Thursday at 8 p. m. All Catholic students are invited to this and all other meetings of the Newman Club, according to Sala McGrann, president.

Proposed amendments to the club's constitution will be voted on Mar. 12. They were read in open meeting last Thursday. Among the suggested changes are non-eligibility for membership to those who fail to register in the University two semesters in succession, limitation of honorary memberships, and some important changes in membership of committees. Only members in good standing will be allowed to vote on these questions.

Flower League Nearing Climax of Its Season

The Violets and Daisies will climax seven strenuous days of competition in the Flower League when they meet to play off a tie for first place next Sunday in the Colonial Coliseum at 11 a. m.

The seventh and supposedly final round played last Sunday ended with the Violets on top with 646 points to the Daisies, who were runner-ups, 644. However, when two points were deducted from the Violets' total for using an ineligible player, the play-off was necessitated.

Colonials Conclude Successful Season

(Continued from Page 5)

swamped Shenandoah College, 50-16. Then lost to Ohio State at Columbus, 35-27, and defeated the fast Richmond team, 46-33, before the Christmas holidays interrupted.

Starting the new year off right G. W. took over Oglethorpe, 51-10, and doubled the score on Wake Forest in North Carolina, 38-19. Elon was the next victim, 44-21. Again the Richmond five lost to the fast stepping Colonials at Tech, 43-25. The next night Villanova was taken over at the same place, this time by a score of 31-23. Emory-Henry was the next victim, 43-27.

Lacking one point of doubling the score, G. W. got sweet, sweet revenge on the Ohio State five, 45-23, in the next game and ran his string of victories to eight. Geneva and Davis-Elkins were the next victims, 44-23 and 40-28, respectively. Randolph-Macon had little to offer and the Colonials made it twelve in a row, winning, 42-15. In a high-scoring game, G. W. humbled Davis-Elkins on its home court, 70-52, and took over West Virginia, 42-28.

Then back at the Tech gym, Westminster was taken over, the jumps to the score of 33-25 to make it 14 straight.

Going to New York, St. Johns nosed out the Colonials, 29-27 and Long Island scored a 12 point margin over G. W., 43-31, in the big city. Returning home, the Colonials capped a "fine season" by defeating Wake Forest, 49-18.

In winning all of its home games and winning all four of its games on the Tech High floor, a new precedent was set for G. W. teams. Pre-

Honorary Bid Given Kindler

Orchestra Conductor Will Be Initiated By Kappa Psi

Dr. Hans Kintner, conductor of the National Symphony Orchestra, will be initiated into honorary membership in the local chapter of Kappa Kappa Psi, national honorary music fraternity for college handsmen, at a banquet Mar. 24, Austin Roe, president of the fraternity, has announced.

Other honorary members who are expected to be present are Capt. Taylor, Branson, U. S. Marine Band; Capt. Thomas F. Darcy, U. S. Army Band; Capt. William Stanard, former director of the Army Band, and Louis Malkus, director of the George Washington University Band.

Brickwedde Will Speak At Hamiltonian Society

Dr. Ferdinand Graft Brickwedde, of the Bureau of Standards, will be the principal speaker at a meeting conducted by the Hamiltonian Society, Mar. 12, at 8 p. m. in 1-28. The subject of his address will be "Approach to the Absolute Zero."

vious to this season, the Colonials experienced enough trouble in the Tin Tabernacle but to win on the sick Tech High floor was almost unheard of.

CIRCLE THEATRE  
Pennsylvania Avenue at Twenty-first Street  
WEST 0953

Tuesday & Wednesday—"If You Could Only Cook", Leo Carrillo, Herbert Marshall, Jean Arthur. A glorious new romantic comedy.
